

ARSEN TURELYK

JUNIOR FULL STACK DEVELOPER

SUMMARY

I am a Junior Full-Stack Developer with a diverse coding background and leadership experience. I transitioned into the world of web development through dedicated self-study and hard work. I have undergone intensive training in both front-end and back-end web development on ADEM courses to enhance my skills. Committed to lifelong learning and passionate about coding, I am eager to apply my versatile skill set to develop innovative solutions and contribute to a team that shares my enthusiasm for technology.

SKILL HIGHLIGHTS

- Experience in creating responsive UI designs using Figma and Adobe XD.
- Knowledge of popular CMS platforms such as WordPress.
- Proficiency in HTML, CSS (Bootstrap, Tailwind), JavaScript (ES6, JQuery, AJAX).
- Knowledge of front-end frameworks: React (Next.js), Angular (TypeScript).
- Proficiency in JAVA, Spring Boot, Spring MVC, Hibernate, Thymeleaf.
- Understanding of database and experience with SQL (MySQL).
- Strong knowledge of PHP (OOP) and framework (Laravel, Symfony).
- Experience with E2E testing (Cypress).
- Knowledge of DevOps (Docker) and CI/CD tools (GitHub Actions).
- Understanding of cloud service AWS (EC2, S3, Amplify).

EDUCATION

2023

Python course

Digital Learning Hub (november 2023)

JAVA course

Digital Learning Hub (october 2023)

Full Stack Developer course

Cap4Lab course (february-may 2023)

Intensive training in both front-end (HTML, CSS, JavaScript) and back-end (SQL, PHP, Laravel) web development.

ICT Start course

Digital Learning Hub (december 2022)

LANGUAGES

English B1.3

German A1

Ukrainian C

Russian C

HOBBIES

Technologies

Science & data analysis

Traveling

CERTIFICATION

Full Stack Web Developer certificate

Driver's license B

Studied HTML, CSS, and JavaScript.

English learning course

INLL and Walferdange Courses

English courses B2/B1.

2007 - 2010

PhD Chemistry

Taras Shevchenko Kyiv University

Chemistry of organic compounds

2002 - 2007

Master's Degree

Taras Shevchenko Kyiv University

Chemistry of organic compounds

EXPERIENCE

Junior Full-Stack Developer Freelancer

June 2023 – nowadays

Improving knowledge in various areas of web development and consolidating them in real projects.

Head of research department (R&D)

2013 – 2022

Kyiv Vitamin Plant (pharmaceutical company)

- Planning, organization and coordination of chromatographic laboratory work.
- Supervising operations with equipment, calibration and verification of laboratory devices.
- Worked on HPLC systems and GC systems, such as Agilent 1100, 1260, 1290, and 6890N.

Chromatographer

2011 – 2013

Kyiv Vitamin Plant (pharmaceutical company)

Analyzed samples and developed control methods according to European pharmacopoeia. Worked on Agilent 1100 equipment.

Organic chemist

2007 – 2010

Research and production enterprise Enamine

Synthesis of new substances and analysis to prove chemical structure of these compounds for writing scientific articles and working on PhD "Heterocyclizations based on unsaturated bromoketones". Implementation and organization of the complex chemical syntheses.
